Mr. Philip W. Moore  
President  
Plant Research Corporation  
176 Southwest 15th Street  
Miami 5, Florida

Dear Phil:

Many thanks for your letter of December 6 concerning President-elect Kennedy's request that I stay on in my present position. It was very thoughtful on you to write and I certainly appreciate your kind expression of support.

I am glad that my 22 October letter reached you and that you subsequently had an opportunity to visit with Toddy while you were in London. We are looking forward to seeing her and the children very shortly when they arrive for a Christmas visit.

With very best wishes for the holiday season,

Faithfully,

STAT
